CHOOSE TRACTRAC

Unrivalled experience, superior quality

Since 2005, TracTrac has delivered unmatched reliability with two decades of innovation, adapting to diverse needs and ensuring high quality live tracking.

Easy to use on any device

Whether for spectators, sailors or officials, there is a tailored, intuitive and easy-to-use access on both desktop and mobile devices.

Tools for race and event officials

Provide better and more efficient racing for the sailors with specialised tools to make the life easier for race officers and event managers - including automatic and instant provisional results.

Integrates with any 3rd party

TracTrac offers diverse API's and integrates smoothly with any systems, offering seamless compatibility with entry platforms, websites, robo marks and TV graphics.

Inshore and offshore – big or small

From inshore regattas to international oceanic races, TracTrac ensures best-in-class tracking for events of all shapes, sorts and sizes.

Best-in-class trackers

TracTrac's devices offer superior ease-of-use, accuracy, durability, and battery life. Charge once and track steadily for days on end.

Superior sponsor value

Provide superior value to sponsors by attracting a dedicated audience and by incorporating the branding right at the centre of attention.

Zero hassle

Our team sets up everything for you - free of charge and ready to run. And if you wish, our skilled operators provide the support you need from start to end.
